50 AÑOS DE LA BATALLA DE HUÉ (GUERRA DEL VIETNAM)

Hué

Mapa de la situación de la ciudad de Hué y plano con sus principales lugares en 1968, tomados del libro de Mark Bowen, *Hué 1968. El punto de inflexión en la guerra del Vietnam*.

intro

En la madrugada del 31 de enero de 1968, el ejército norvietnamita ejecutó cientos de ataques simultáneos en Vietnam del Sur en la conocida como Ofensiva del Tet. Quizás el momento culminante de la misma fue la captura de Hué, capital cultural de Vietnam.

Los mandos survietnamitas y norteamericanos, sin calibrar bien el alcance de la ofensiva, ordenaron la inmediata recaptura de la ciudad. Costó 24 días y cerca de 10.000 vidas de combatientes y población civil. La batalla más sangrienta de toda la guerra de Vietnam (1955 - 1975). Un antes y un después en la percepción de la misma para el gobierno y la opinión pública estadounidense....

... En adelante, tras Hué, el debate no sería cómo ganar la guerra, sino como abandonarla de la mejor forma posible...

sumario
